Survey Results: Questions 11 - 14

11. What parent involvement activities have you found most beneficial during the 2014-15 school year?

   Why?

   Homework help, culture day
   I like them all.
   Unsure
   Did not do any this year. Most conflicted with work schedule or my other child’s school activities.
   Updates via skyward, email and phone, great communication
   Music resource parent invite: parent bonding learning with child, 100 book challenge night: explained program, author’s tea:
   student learning on display, second grade teacher’s email: lots of information and student pictures
   Curriculum night/back to school
   I have been unable to attend any activities this year.
   I was not involved
   I haven’t been able to participate due to work
   Workshops
   I worked a lot so sometimes I did not get involved because of my schedule.
   Any - stay-at-home-mom
   Classroom activities
   100 Book Challenge – I see progress for reading
   All activities, I feel that the activities given throughout the school year are truly beneficial because our kids learn and enjoy every activity that involves their parents and vice versa
   Homework help, testing
   Always working for daytime activities, have attended some evening events
   I enjoyed the 4th grade project, I think it was the wax museum
   Most are great, I like the ones I can attend
   Fun run. All the children were having so much fun doing the different events.
   Meet your teacher-middle school student had 4 teachers
   Attending music class-good to see child engaged and participating in his daily activities
   I appreciate the fact that PPE allows me to attend class/holiday activities to watch my child’s learning come to life.
   100 Book Challenge, to learn about the program and how to implement at home
   Math night, book fair, parent academy
   I like when parents are invited to participate and visit classroom activities, because it gives parents chance to meet other kids and classroom environment
   Curriculum night, 100 book challenge night
   Don’t know what’s available
   Technology Night helped us learn about the programs used at school and what we can do at night. The Reading challenge overview was beneficial as it laid the expectations of the program to ensure our son’s success (kids also loved the free books.)
   Title 1
   The 100 Book Challenge program (read at home) is a way to drive results in increasing the child’s comprehension and reading skills.
   Meet Your Teacher, Curriculum Night
   The curriculum night
   Curriculum nights
   K-orientation, meet the teacher, Publix nights, family night out, 100 book challenge, book fair
   100 book challenge overview, math nights, summer reading
   100 book challenge, Info with support
Title 1 beginning of year FSA review for “parents”
The wax museum was great, the students really enjoyed it and it was nice working on it together
Wax museum so much better than doing a boring book report
I have not been able to attend the parent involvement activities this year due to the time they are scheduled.
The PTO program
I find the interaction we have in my child’s classroom to be most beneficial so I know what and how she learns.
Skyward
To attend meeting regarding academic achievements
I haven’t attended any
Classes for parents
None
100 steps, her reading got a lot better
Reading
Reading program
None- always scheduled on Thursday evenings which doesn’t work for our family
Curriculum night was very informative. It laid out expectations and gave us a chance to meet the teachers.
All those I attended had been informative, never got involved
None
100 Book Challenge
Algebra 1 workshop was very helpful. We learned where to search for help in different websites.
PTO
FSA Education
Honor Roll because it gives me the opportunity to see my child succeed.
3rd grade economics shops, kids had a blast, they learned money value, how to make change, etc.. Rockets Games-wonderful activities, Field trips-lots of fun
I don’t know I was pretty lost this year.
This year I did not get to attend very many activites as I would have liked most were at 2:30 and I have another child in a different school.
Our child’s first grade teacher was great at keeping parents updated on the class needs, student progress and planned events
None, had conflicts with work schedule and events at the school my other child attends.
FAU Card presentations w/Cathy Allore – brings together ASD families and we’re able to share ideas.
Honor Roll, it gives the students a feeling of achievement.
After I removed my third grader from the school, I was no longer notified of any school information for my 8th grade student.
I did not attend any sorry to say. Reading from the flyers that were sent I have been very impressed with the PTO
We have not been able to attend.
The workshop that was held at the start of the 100 book challenge or wants to help our kids and things to do at home to encourage reading.
All activities were great. Any opportunities that allows us to share in our child’s learning is beneficial.
We can go and have lunch and be part of music and other activities with our kids
All of them
Regular meetings
Testing information
100 Book challenge. This program provided an overview of my child’s reading expectations as well as activities to do at home. This is a great way to get everyone involved and to learn.
I volunteered a lot throughout the year. I enjoyed everything I do at Palm Pointe, I love interacting with all of the students.
I personally have not been able to attend many but any activity that brings parents to classroom is always beneficial
Florida standards testing overview
100 Challenge Book program – it helped my child to read
Increase communication between teacher and parent to improve student’s achievement.
The economics project-that is stuff she will learn and need to understand as she gets older.
We enrolled late to the school and so missed any organizational meetings. I attended one PTO group meeting, but since everything is during the workday I can’t attend.
Class Projects- because you have the opportunity to share time with your children and learn something together.
IEP meetings
I liked the Young Author’s Program
Loved the Easter Egg Hunt, Enjoyed Young Authors, and my student really benefited from Multicultural Night.
Publix night, music open house
Providing healthy snacks instead of candy, gum, or any sugar filled snacks.
Have not attended any this year.
I have not participated in any activities.
Email of activities from teacher kept me up to date with tests and every day activities so I could help my child with homework.
100 book challenge was very helpful because we learned about how it helps students advance in reading.
Never been to one.
None-did not attend any
Parent academy: test taking strategies, because I benefited from it.
Have not been able to attend
Sport tournaments like basketball or volleyball with different schools of the county
None available due to my work
All of them
Not able to attend activities due to work
Algebra workshop
6th grade (new requirements for testing) curriculum night
Room for improvement in PTO, there should be more flexibility for working parents
Child is in band if my child was in other ceremonies I would attend
Classroom activities/special events, see the students within the classroom and enjoying the special events
I only have Wednesdays and Thursdays
Rocket Games, you get to outside
Helping with homework, looking at Skyward
None, they are always on a Tuesday or Thursday that I cannot attend or during the day
To stay in touch with teacher
Book Reading activities, Reward activities, and holiday activities
100 Book challenge
I have never been informed with any activities
100 Book Challenge meeting. Understanding the way it was run.
PTO fundraising, Title 1
100 book challenge, Mystery reader, Thanksgiving Pow-wow
Honor Roll
The ceremony for awards, also have attended the cultural food project. Both have showed me different views on the schooling up here. I would not change a thing.
Culture days, because it gives parents and students a chance to meet and learn about each other.
Field trips
The project of Michelle Obama because it helped my child more
Field trips
All
Regular meetings
Fundraisers. Provides money to improve my child’s education.
100 Book challenge – my kids seemed very interested in reading now. The 100 book challenge made it fun, competitive, and interesting.
Academic nights they offer to explain the subjects and how to help the students from home and at school.
Book fair, workshops because parents, teacher, and students they all worked together
We were new student 3rd nine weeks
N/A, did not attend this year
I rarely had time to go to most of them because of my baby, and I’ve went to one that was with teachers and they explained everything. It gives a detailed way of what’s going on.
Grade curriculum planning
Honor roll, citizen of the month
There were few programs that I was informed of. I honestly don’t recall any!
All are beneficial
None – not applicable to my child
Skyward
I enjoy the activities in which I can be a part of at the school
The educational trips to Oxbow Center
FSA info mtg was helpful, all of the science/literacy events are nice, too
Chorus – kids learn about music
Being made aware of child’s progress during the school year
Million Father March
I found the reading with mom (family) for Valentine’s Day very beneficial. It improves interaction with teachers other family members.
Orientation is well done. That’s all I’ve attended.
N/A not offered at times I could attend.

I think there should have been a parent meeting for 5th graders transitioning to middle school about regarding information about electives, schedules and changes from elementary school.

I love the school
The school does a wonderful job when learning and the curriculum.
Great school, great teachers and great staff. Love Palm Pointe
My daughter has had a great year at Palm Pointe. Her second grade teacher created a wonderful comfortable environment where learning thrived.
I would love to start an Avon fundraiser, I have done one in a school with 200 students, and the school raised $9,500.00 in 3 weeks.
When my child was in elementary grades there were more notifications
Palm Pointe rocks would be great if school started earlier
I do feel that the PE activity called the Rocket games should be held in better weather maybe around February or even March. The activity usually is rained out or it is way too hot.
Want to know when high school will be built.
I am happy with the school as it is.
I think the school is doing a great job with our kids.
I would like to see school dress code strictly enforced throughout the school. We take pride in sending our children to school in dress code and follow the school expectations. Why are some students exempt from the policy? My children ask to wear “out of dress code” clothing like other students and we are constantly explaining to them that we follow the school. Will Palm Pointe make necessary changes for the upcoming school year to address my concern?
I am very satisfied with Palm Pointe. Keep up the great work. Our child’s first grade teacher is a wonderful teacher, she truly loves every child. It was a pleasure having her as a mentor in my daughter’s life.
Social media has done an outstanding job keeping parents up to date and celebrating the successes of the school
Very happy with school over all.
Our child’s third grade teacher is the best teacher we’ve had in Palm Pointe. She’s a great communicator and keeps parents informed weekly. She takes it upon herself to ensure the parents are well informed. She’s a true educator.
Palm Pointe is truly an amazing school and I am honored that my son is a part of it.
The faculty and staff are doing a wonderful job. I am pleased to have my son in the school.
Appreciate everything you do!! You ROCK
Field days should be a bigger event, Yearend blow out for younger kids, more than a few PE activities – should have bounce house, dunk tank (w/teachers), music and treats, campus clean up
We really enjoy the parent involvement activities but sometimes we are so busy with homework, scouts, church and sports that we have to choose what we can/cannot attend. Thank you for the opportunities.
I have been very fortunate that my child’s teachers have been exemplary teachers that aid my child to reach his full potential. I have laid the foundation for my child to bloom. PPE waters him every day, they prune, I fertilize. We both stand back and smell the roses. They smell good!!!
Plan for PPE High School, continuation for learning, more children advancement programs. Provide opportunities for 2nd graders to perform 3rd grade tasks to prevent stagnation at current level.
I am very impressed with my daughter’s school and her teachers.
I love Palm Pointe!
Palm Pointe is doing a great job.
Not at this time.
I would like to be notified immediately if my child is having difficulty with any of her classes.
Please Keep up the good work! Offer more college credits, free tuition, more choices for extracurricular activities, more field trips, more electives.
Child care during events, food for families
I really look forward to what this school can become.
Great school
I love Palm Pointe and teachers are so dedicated to education.
Teachers need to follow feed backs faster and not lack with their duties.
This year my husband attended
This year I nor my husband received informational phone calls.
My child was moved to Honors but grades/schedule was not updated in the school/skyward system until 6 weeks after. Not sure how grades were entered for incorrect teachers and courses. Very disappointing.
I think the school, teachers and staff are all amazing and so happy my daughter is part of such a great school.
Really a good school
My work schedule prevents me from attending daytime activities. I feel like my child is at a disadvantage otherwise, we are very pleased with Palm Pointe.
I was impressed with the communication with parents (we started at PPE in January) until my son was the one who told me the FSA would not count for retention, but it was based on the Easy CBM...and I was not informed of the day they would be testing. So much information was sent out about the FSA, but we got nothing on the test that ultimately counted for retentions. I could be misinformed??
So far year 4 at this school and I am so very pleased with the way it all runs. I love the creativity and involvement that is encouraged. Creation of new activities to promote parental participation.
I have no complaints and I like the school. I especially like my child’s teacher. Unfortunately, we have only been part of this school for a few months and cannot appropriately answer the survey questions.
High School Please
We are very happy, Palm Pointe is an excellent school.
Thank you very much for all the education you give to children to help them meet their goals. God Bless You!
I've never been in the school beyond the office and her classroom.
Keep up the hard work!
We are very pleased with Palm Pointe
There should be more events that parents can chaperone.
Very satisfied with Palm Pointe especially Elementary – mixed feelings about Middle schools.
I would like to know what my daughter is dong in the school day by day. For example-to see her notebook, so I know how to help her. Otherwise we have no idea what are they working in the different subjects and we are surprised when a month later we receive a C or F - it’s too late and no time to help our kids.
I think the elementary students should eat before the middle school students. There’s no reason why the little kids should be eating at 1:00-1:30 pm – they should be eating at 11 or 12:00 pm.
Students are tested excessively - students are viewed as a data pointe, not children – student academic strengths are not capitalized “one set way to learn.”
Palm Pointe has been providing my children with an excellent education and does a great job of keeping me informed. Thank You.
Great School – Thank You.
Overall, very pleased with the school and curriculum.
I am pleased with Palm Pointe and the teachers my girls have had. I appreciate their focus on education. While no school is perfect or curriculum without flags, my hats off to PPE for transitioning into Common Core Standards. A Parent Involvement Plan is nice, but, ultimately PIP is at home!
Not too much information sent home about the PUIP’s or SIP programs. Very light knowledge about it. Not too much opportunity to decision making process about my child’s education. Should be and should be included one to one parent and teacher assessments to create a development plan as per very child needs.
I’m greatly distressed that spelling is not addressed in my child’s classroom (2nd grade.)
Palm Pointe does a fantastic job keeping parents informed.
I feel so lucky that my child is able to receive the exceptional education offered at Palm Pointe. Thank you for continuing to find ways to improve your already amazing school.
More advanced notice of school events so we can arrange time off work.
It is so difficult to make it to award ceremonies activities held at different times of different days for my children in different grades.
Love the recognition – would jus like to be able to attend more.
Additional info on grading system and student requirements will be great.
We just aren’t’ happy with Common Core.
 Sadly disappointed with Palm Pointe this school year. I wish they start hearing more what the parents have to day. A parent knows more about their own children. Sometimes you cannot do everything by the book with kids like with every other human beings – One Size doesn’t Fit All.
Great School – Great Teachers
Overall, I am extremely satisfied with Palm Pointe. I wasn’t as involved as I would have liked but I have more confidence in the next year. My child has improved in his academics skills and I could only say great things about the school and staff.
Notify parents when a bus is going to be late
None
I would like to attend any work shops or information meetings if the times are more convenient. The school does a great job keeping parents informed otherwise.
Need required classes for middle school explained
Never knew National Junior Honor Society existed at school. Nothing went home of such a club.
Survey would be best given earlier in the year.
Regular communication about my student by the teacher, more information about the overall education of my child (social, communication, ad academic), and rocket fuel incentives used with clear expectations.

The school is amazing as well as the staff. I'm a parent of two that are in your school that come from Coral Springs, Florida. This school has helped me see I have made the right choice by moving up here. Thank you for your experience.

The school is doing a great job – the teachers are wonderful
I would like to receive emails for teachers and administrators
Have Rocket Store
No, thank you
We are very pleased with the education provided by Palm Pointe. We are astonished with the growth that we have seen in our son.
I would like to receive emails for teachers and or administrators
Exams should be more spaced out
I would appreciate the info/news in a timely manner from the school. E-mail from my daughter’s teacher is fantastic
I like paper communication. The monthly calendar is helpful.
Very pleased with my daughter’s experience within her kindergarten class. Always informed of activities and her response to any questions or concerns were immediate.
This is totally new for me and I’ll love to be more involved in activities at school
Great year
My son has had a wonderful experience this year with his teacher and PPE. Thank you
Our teacher was wonderful this year. She was caring and gave her students great guidance in every way. Our son loves her.
I think policies regarding separating twins should be something that the parent or the children should be able to decide. I as a parent have done the research and the research found shows, it’s 50/50. I do Not Agree that administrators should make policies, or establish those type of Rules.
Thank you very much for the education you’ve given to children to meet their goals. God Bless You.

More notice for school events so we can arrange time off work
Provide school supplies/snacks.
Excellent school, staff, and curriculum
My family has come to love our child’s kindergarten teacher this year. She has gone way above our expectations for our children.
More elective choices!
I am very pleased with this school and I am especially pleased with my kids’ teachers in second grade and first grade.

My daughter has been at this school since it opened and there has always been help for her in every grade and always different ways of teaching really helped her! Great school! Very happy to be part of it! 😊
Very happy with Palm Pointe since day 1 that it has opened. No complaints.
Very pleased with how Palm Pointe offers information to parents.
I wish middle school students would get Orbiter, flyers, and info in more timely manner. They don’t have folder/box with their homeroom – sometimes they don’t get info at all if absent. Thanks!
This is a very organized school and has helped my daughter so much
My child had a very hard time this year understanding her math. When I called to find out if a tutoring program was available, there were none. Then, tutoring was offered to her because of her low FCAT scores last year. This tutoring had no relevance to what she was doing in class. Isn’t that redundant? The tutoring should be pro-active, not re-active. Not a happy parent this year.
Palm Pointe is a great school and I am proud to say my son has been in this school from day 1. Teachers and assistants are great. He has learned a lot. Keep up the great work!
Great schools, teachers are great communicating with parents and students
School needs to start at 8am instead of 9:40am
I’d like to be informed on a timely matter when my child is hurt at school or at the nurse’s office
Middle school teachers could send a monthly bulletin out to parents about big projects that are coming out
It would be nice to have more than a week’s notice for events so that we could schedule days off to attend them.
We really enjoyed attending Palm Pointe. Our only wish is that the younger grades could attend earlier hours. Other than that – it is awesome.
Good Luck Next Year!
